Andhra University

2018 - 2023

INTERMEDIATE MPC

Sujatha Jr. college (vzm)

2015 - 2018

SSC, 2015

Sarada Nikethan High School (Percentage 7.0)

PROFILE

Frontend Developer with strong experience in building responsive, interactive, and accessible web interfaces using React, JavaScript (ES6+), HTML5, and CSS3/Sass. Skilled in component-driven development, state management with useReducer and Redux, and creating smooth UI animations using Framer Motion. Adept at crafting scalable design systems, managing themes (dark/light), and writing modular, maintainable code. Passionate about delivering clean, high-performance user experiences and continuously learning modern web technologies to stay ahead in the frontend ecosystem.

EXPERIENCE

FRONTEND INTERN DEVELOPER

Worked on real-world UI projects, followed best practices in Git, Code spriting, and resusable component patterns.

Projects that demonstrate my frontend development skills:

Ecommerce App

- Built a product listing, filtering, and cart system using React and SCSS. Implemented component-based UI, responsive design, and dynamic state handling.

Form Validation Tool

- Created reusable forms with real-time validation and error handling using React and controlled components. Focused on clean UX and accessibility.

CRUD Operations Dashboard

- Developed a full CRUD interface using React hooks to manage state. Added edit/delete functionalities and dynamic UI feedback for better user interaction.
